ONLINE LEARNING

6360 Virtual Learning Service

Needs Analysis

- The MORIC will conduct planning meetings to assist the district in defining their online learning vision.
- The District will identify 1 or 2 priority areas to address.

Curriculum Evaluation

- The MORIC will facilitate the curriculum evaluation process, including software demonstrations.
- The district will select a solution that best fits their needs.

Implementation Planning

- The MORIC will work with the selected vendor and the district to develop a comprehensive implementation plan.

Training

- The MORIC will train teachers, teacher aides, and/or administrators, as applicable, regarding the effective use of the selected solution.

Ongoing Support

- The MORIC will provide ongoing phone, virtual and face-to-face training and support.
- The MORIC will provide data from the Student Information System to populate class rosters and course grades.

Program Evaluation

- The MORIC will assist the district in using the solution's reporting features to make informed decisions.

Annual Support Deliverables

Year 1 ~ \$2,426

- 3 Days Implementation Planning (Needs Analysis, Curriculum Evaluation, Implementation Planning)
- 3 Days Training
- Ongoing Support as needed
- 2 Days Student System Data Integration Support

Year 2+ ~ \$1,036

- 1 Day Planning - Annual update of the plan and the process
- 2 Days Refresher Training
- Ongoing Support as needed
- 2 Days Student System Data Integration Support

* Cost of software is separate from the support above.
